Activities Program

Activities Mission Statement

The athletic program at STRIDE Academy provides the opportunity for all students in Kindergarten through the Sixth Grade to participate in an extracurricular activity.

Activities Program Goals

- To promote friendships, school spirit and team unity.
- To help participants develop sportsmanship, discipline, confidence, cooperation and positive team play.
- To help participants develop the fundamental skills pertinent to the given sport or activity.
- To provide the experience of using the skills learned in a competitive situation or performance.

Activities Participation Philosophy

The priority of STRIDE Academy Activities is to provide students with the opportunity to participate. We want our teams and activities to be successful. However, there are many measures for that success. We want each participant to feel successful as well; therefore we will strive to place them in situations where they will best find success. Each participant will be given the opportunity to improve and develop skills, as well as prepare them to handle competitive situations and performances. While every effort will be made to provide a reasonable amount of participation time, it will not necessarily be equal. The amount of participation time will be determined by the student's attendance, effort, attitude and conduct.

SPORTSMANSHIP POLICY

Participation in STRIDE Academy athletics/activities is a privilege, and requires that student conduct themselves in a positive and appropriate manner while representing our school. It is essential that we, as responsible adults, coaches, volunteers and spectators set a good example for our students. Students, coaches, volunteers or spectators who violate this policy are subject to removal from the activity at the sole discretion of the Executive Director, Principal and or the Activities Director. SCHOOL DISCIPLINARY ISSUES

Any student suspended from school or class will be ineligible to participate until the situation has been resolved to the satisfaction of the Principal, Executive Director or Activities Director. This may involve a conference with the student and teacher, a conference with the parents, or any other steps necessary to ensure that discipline and accepted behavior will be followed in the future. The Principal, Executive Director or Activities Director will inform the coach regarding the ineligibility as well as when eligibility will be restored. Disciplinary situations may include a student being asked to leave class for improper or disruptive behavior, or suspension from school.

SCHOOL ACADEMICS

All Activities Participants are students first. To participate in an activity; students must be in good academic standing. To be in good academic standing, students must be passing each subject and not have any missing assignments. Students with missing assignments will use practice time to complete work in study table that will be provided by the Activities Director. Progress reports will be completed each week to determine eligibility through the use of the schools gradebook by the Activities Director. Parents will be notified if a student becomes academically ineligible. (D or lower grade in a class)

SCHOOL ATTENDANCE POLICY

All students participating in an activity must attend at least a half-day of school the day of the activity in order to be eligible to participate in that activity. A student must be in class by his or her lunch period in order to participate. This rule applies to practices, scrimmages, games, tournaments and all other activities. Students who participate in a school-sponsored event (retreat, field trip, testing) will not be considered absent. If there are extenuating circumstances (family emergency, funeral, doctor's appointment), a note from the student's parent explaining the absence will allow them to participate.

MANDATORY BACKGROUND CHECK

All adults that volunteer to help with an activity in any way (coaching, driving, team parents, etc.) are required to have a background check completed.

REGISTRATION PROCESS

STRIDE Academy families will be notified of an activity registration well in advance of deadlines. The final number of teams, how they are formed, and the leagues in which they play will ultimately be determined by the number of coaches and participants who sign up by the registration deadline. Students will not be allowed to begin participation until all paperwork is completed, record of physical in the last 3 years is on file with the nurse (athletic activity 6th grade), fee is paid or scholarship has been awarded.

PRACTICE, PERFORMANCES AND GAME ATTENDANCE

Attendance and participation at games, performances and practices is mandatory. Unexcused absences will result in reduced playing time. If there are extenuating circumstances (family emergency, funeral, doctor's appointment), a note from the student's parent will excuse the absence.

TRANSPORTATION

Responsibility for transportation to away games, competitions and performances lies with parents. Sufficient vehicles must be provided so that each occupant has and uses a functioning seat belt.

EQUIPMENT AND UNIFORMS

Each student is responsible for the school equipment and uniform issued to him or her. Coaches/Advisors are responsible for assigning equipment and monitoring its use and return. Students will be responsible for the replacement costs of any lost equipment or uniforms, as determined by the Activities Director.

INSURANCE

STRIDE Academy activities are supervised by adults whose primary concern is the safety of your child while involved in the activity on school property, or en route to and from games, competitions and performances at other schools. The school does not, however, provide insurance or assume liability for injury received in the normal course of activity. Insurance is the responsibility of the participant's parents or guardians.

USE OF FACILITIES

Both at home and at other schools, participants should leave the gym, classroom, stage or field in a clean condition. For home events, performances, competitions and games; parents, coaches, advisors or members of the team/club/organization are responsible for setting up and removing all equipment when the events are completed.

CONFLICT GRIEVANCE PROCEDURE

In order to allow for an expression of differences that sometimes occurs in athletics, the following standardized and widely accepted grievance procedure will be used to address conflicts:

1. The student and/or parent should request a meeting with the coach. This meeting should be at a time other than immediately before or after practices, events or games. This meeting is strictly between the student, parent and coach/advisor.
2. If the conflict is not resolved in the first step; the parent, student and coach/advisor should then meet with the Activities Director.
3. If the conflict is still not resolved, the parents may then request a meeting with the Principal and or the Executive Director.

These steps must be followed in this specific sequence.
